Bashkir Standard keyboard layout

Стандарт

The large character is typed by the key alone. Hold **Shift** for the one at top right. Hold **AltGr** (the right Alt key; Ctrl+Alt also works) for the one at bottom right, and Shift+AltGr for bottom left. The small grey letter is the English key it sits on.

Windows Bashkir: Russian ЙЦУКЕН for the letters, with Bashkir's own on the number row: ә left of 1, ө on 2, ҡ on 3, ғ on 4, ҫ on 5, ҙ on 7 and h on 8, ү on = and ң on \. The number row has no digits.

Best for: Everyone who writes Bashkir, in Bashkortostan or anywhere else.
