Cherokee Phonetic keyboard layout

ᏣᎳᎩ

Q Shift

Key

The large character is typed by the key alone. Hold **Shift** for the one at top right. The small grey letter is the English key it sits on.

Windows Cherokee Phonetic: the vowels a, e, i, o, u and v type D R T ꭰ Ꮻ i, and a consonant followed by a vowel types the syllable: s then i is Ь, o then s then i then y then o is ꭰЬᏂ.

Best for: Anyone who knows how a word sounds.
