Croatian Croatian keyboard layout

Hrvatska

The large character is typed by the key alone. Hold **Shift** for the one at top right. Hold **AltGr** (the right Alt key; Ctrl+Alt also works) for the one at bottom right. The small grey letter is the English key it sits on.

The Croatian keyboard: QWERTZ, with š and đ right of P, č and ć right of L, and ž by Enter. AltGr+Q types \ and AltGr+V @, as on other Central European layouts.

Best for: People in Croatia, Bosnia and Herzegovina, Montenegro and Serbia who type Latin script, or anyone with a Croatian keyboard.
