Danish Danish keyboard layout

Dansk

The large character is typed by the key alone. Hold **Shift** for the one at top right. Hold **AltGr** (the right Alt key; Ctrl+Alt also works) for the one at bottom right. The small grey letter is the English key it sits on.

The Danish keyboard: å right of P, æ and ø right of L, with æ first. Norwegian has those two the other way round.

Best for: People in Denmark, or anyone with a Danish keyboard.
