Dutch Easy accents keyboard layout

Makkelijke accenten

The large character is typed by the key alone. Hold **Shift** for the one at top right. Hold **AltGr** (the right Alt key; Ctrl+Alt also works) for the one at bottom right, and Shift+AltGr for bottom left. The small grey letter is the English key it sits on.

US-International, the layout most people in the Netherlands and Belgium type Dutch on: ' then e for é, " then e for ë, " then i for ï, and ` then e for è. To type a plain quote, press it and then Space.

Best for: Nearly everyone: Dutch computers are usually sold with US keyboards set to US-International.
