Dutch Dutch keyboard layout

Nederlands

The large character is typed by the key alone. Hold **Shift** for the one at top right. Hold **AltGr** (the right Alt key; Ctrl+Alt also works) for the one at bottom right. The small grey letter is the English key it sits on.

The Dutch layout: QWERTY with + right of L and the ´ accent key after it, the ¨ accent key right of P, and @ where English has `. Uncommon today; most Dutch keyboards are US ones.

Best for: People with an older keyboard printed with the Dutch layout.
