Estonian Easy accents keyboard layout

Lihtsad täpitähed

The large character is typed by the key alone. Hold **Shift** for the one at top right. Hold **AltGr** (the right Alt key; Ctrl+Alt also works) for the one at bottom right, and Shift+AltGr for bottom left. The small grey letter is the English key it sits on.

Your English keyboard: AltGr+Q types ä, AltGr+P ö and AltGr+Y ü, and ~ then o types õ. š and ž are in the bar. This is the Windows US-International layout.

Best for: Anyone with an English keyboard who writes Estonian: learners, students, and people who live abroad.
