French AZERTY (Belgium) keyboard layout

AZERTY (Belgique)

The large character is typed by the key alone. Hold **Shift** for the one at top right. Hold **AltGr** (the right Alt key; Ctrl+Alt also works) for the one at bottom right, and Shift+AltGr for bottom left. The small grey letter is the English key it sits on.

AZERTY as used in Belgium. The letters are where French AZERTY has them, but many symbols move: @ is on AltGr+2, and the dead keys for ´ and ` sit next to M and the Enter key.

Best for: People in Belgium using the Belgian keyboard.
