French QWERTZ (Switzerland) keyboard layout

QWERTZ (Suisse)

The large character is typed by the key alone. Hold **Shift** for the one at top right. Hold **AltGr** (the right Alt key; Ctrl+Alt also works) for the one at bottom right. The small grey letter is the English key it sits on.

The Swiss French QWERTZ keyboard: Y and Z swap places, è, é and à have their own keys, and German umlauts are a Shift away.

Best for: People in Switzerland who type French.
