Georgian MES keyboard layout

MES

The large character is typed by the key alone. Hold **Shift** for the one at top right. Hold **AltGr** (the right Alt key; Ctrl+Alt also works) for the one at bottom right. The small grey letter is the English key it sits on.

Windows Georgian MES, the older standard, with no Shift letters. შ, ღ, თ, ჩ, ძ, ჭ and ჟ are on the punctuation keys at the edges of the keyboard.

Best for: People who learned on it, often in offices and government.
