Greek Standard keyboard layout

Τυπικό

The large character is typed by the key alone. Hold **Shift** for the one at top right. Hold **AltGr** (the right Alt key; Ctrl+Alt also works) for the one at bottom right. The small grey letter is the English key it sits on.

Windows Greek. Letters sit on the Latin keys they sound like. ς is on W, θ on U, ξ on J, ψ on C and ω on V. The semicolon key is a dead key: press it, then a vowel, for ά έ ή ί ό ύ ώ. Q types ;, the Greek question mark.

Best for: Anyone who types Greek on Windows or wants the same keys here.
