# Hausa Hausa keyboard layout

Hausa

The large character is typed by the key alone. Hold **Shift** for the one at top right. Hold **AltGr** (the right Alt key; Ctrl+Alt also works) for the one at bottom right, and Shift+AltGr for bottom left. The small grey letter is the English key it sits on.

The Windows Hausa keyboard: AltGr+B types ɓ, AltGr+D ɗ, AltGr+K ƙ and AltGr+Y y', with the other keys as on a US keyboard.

Best for: People in Nigeria and Niger, or anyone who learned this layout.
