Hawaiian Hawaiian keyboard layout

ʻŌlelo Hawaiʻi

The large character is typed by the key alone. Hold **Shift** for the one at top right. Hold **AltGr** (the right Alt key; Ctrl+Alt also works) for the one at bottom right, and Shift+AltGr for bottom left. The small grey letter is the English key it sits on.

The Windows Hawaiian keyboard: the ' key types the ʻokina, and AltGr plus a vowel types the kahakō.

Best for: Everyone who writes Hawaiian often.
