Icelandic Easy accents keyboard layout

Auðveldir stafir

The large character is typed by the key alone. Hold **Shift** for the one at top right. Hold **AltGr** (the right Alt key; Ctrl+Alt also works) for the one at bottom right, and Shift+AltGr for bottom left. The small grey letter is the English key it sits on.

Your English keyboard: AltGr+T types þ, AltGr+D ð, AltGr+Z æ and AltGr+P ö, and ' then a vowel types á é í ó ú ý. This is the Windows US-International layout.

Best for: Anyone with an English keyboard who writes Icelandic: learners, students, and people who live abroad.
