Malay (Jawi) Malay Jawi keyboard layout

جاوي

Q	Shift
Key	
Shift+AltGr	AltGr

The large character is typed by the key alone. Hold **Shift** for the one at top right. Hold **AltGr** (the right Alt key; Ctrl+Alt also works) for the one at bottom right, and Shift+AltGr for bottom left. The small grey letter is the English key it sits on.

A Malay Jawi layout from Keyman. Letters sit on English keys that sound alike, and Jawi's own letters have keys too: ک on G, ڤ on P, چ on C, ث on X, ۏ on V and غ on Shift+N.

Best for: Anyone who writes Jawi often and wants every letter under their fingers.
