Shift+AltGr	AltGr

The large character is typed by the key alone. Hold **Shift** for the one at top right. Hold **AltGr** (the right Alt key; Ctrl+Alt also works) for the one at bottom right, and Shift+AltGr for bottom left. The small grey letter is the English key it sits on.

Devanagari InScript, the Government of India standard built into Windows, with ऴ on Shift+N and ॅ added on Shift+AltGr+D. Vowel signs are on the left of the keyboard and consonants on the right.

Best for: Office and government typists in Goa, and anyone who already types Marathi or Hindi on InScript.
