Maltese Easy accents keyboard layout

Ittri faċli

The large character is typed by the key alone. Hold **Shift** for the one at top right. Hold **AltGr** (the right Alt key; Ctrl+Alt also works) for the one at bottom right, and Shift+AltGr for bottom left. The small grey letter is the English key it sits on.

Your English keyboard, plus AltGr: AltGr+C types ċ, AltGr+G ġ, AltGr+H ħ and AltGr+Z ż. They are in the bar too, or come from smart accents. US-International with those keys added by us.

Best for: Anyone with an English keyboard who writes Maltese: learners, students, and people who live abroad.
