Norwegian Norwegian keyboard layout

Norsk

The large character is typed by the key alone. Hold **Shift** for the one at top right. Hold **AltGr** (the right Alt key; Ctrl+Alt also works) for the one at bottom right. The small grey letter is the English key it sits on.

The Norwegian keyboard: å right of P, ø and æ right of L, with ø first. Danish has those two the other way round.

Best for: People in Norway, or anyone with a Norwegian keyboard.
