Pashto Standard keyboard layout

معياري

Q Shift
Key
AltGr

The large character is typed by the key alone. Hold **Shift** for the one at top right. Hold **AltGr** (the right Alt key; Ctrl+Alt also works) for the one at bottom right. The small grey letter is the English key it sits on.

The Pashto layout built into Windows. It follows the Persian layout and adds the Pashto letters, mostly on Shift.

Best for: Anyone who types Pashto on Windows, or already knows the Persian keyboard.
