# Portuguese Brazil (ABNT2) keyboard layout

## Brasil (ABNT2)

The large character is typed by the key alone. Hold **Shift** for the one at top right. Hold **AltGr** (the right Alt key; Ctrl+Alt also works) for the one at bottom right. The small grey letter is the English key it sits on.

The Brazilian ABNT2 keyboard: ç has its own key right of L, the ~ and ^ dead key sits beside it, and ´ and ` are on the key right of P. It has one extra key, for / and ?, by the right Shift.

Best for: People in Brazil, or anyone with an ABNT2 keyboard in front of them.
