Sanskrit ITRANS keyboard layout

आइट्रान्स्

Q	Shift
Key	

The large character is typed by the key alone. Hold **Shift** for the one at top right. The small grey letter is the English key it sits on.

ITRANS writes each Sanskrit sound with fixed English letters, and Devanagari appears as you type each letter, with no word guessing. Capitals mark long vowels and retroflex letters: A ा, I ी, U ू, T ट, D ड, N ण, S ष, then M ं and H ः. Follows the Keyman keyboard from sanskritdocuments.org, which spells ऋ as RR.

Best for: Scholars and students who know ITRANS or want exact spelling; every
