Sinhala Wijesekara keyboard layout

විජේසේකර

Q	Shift
Key	
Shift+AltGr	AltGr

The large character is typed by the key alone. Hold **Shift** for the one at top right. Hold **AltGr** (the right Alt key; Ctrl+Alt also works) for the one at bottom right, and Shift+AltGr for bottom left. The small grey letter is the English key it sits on.

Wijesekara, the typewriter layout most Sri Lankan typists learn, as built into Windows. Vowel signs are on the left of the keyboard and consonants on the right.

Best for: Typists who learnt Wijesekara at school or at work, and anyone preparing Sinhala documents.
