Vietnamese VNI keyboard layout

VNI

Q Shift

Key

The large character is typed by the key alone. Hold **Shift** for the one at top right. The small grey letter is the English key it sits on.

VNI uses digits for marks: 1 sắc, 2 huyền, 3 hỏi, 4 ngã, 5 nặng, 6 for â ê ô, 7 for ơ ư, 8 for ă, 9 for đ, and 0 clears a tone. tie6ng1 becomes tiếng.

Best for: People who learned on VNI, and computer keyboards with a number row.
