# Welsh UK Extended keyboard layout

## DU Estynedig

The large character is typed by the key alone. Hold **Shift** for the one at top right. Hold **AltGr** (the right Alt key; Ctrl+Alt also works) for the one at bottom right, and Shift+AltGr for bottom left. The small grey letter is the English key it sits on.

The Windows keyboard for Welsh: a UK keyboard where AltGr+6 is the to bach, so AltGr+6 then w types ŵ and AltGr+6 then y types ŷ. AltGr plus a vowel types the acute.

Best for: People in Wales, or anyone with a UK keyboard.
