Yiddish Pasekh keyboard layout

פּתח

Q Shift

Key

The large character is typed by the key alone. Hold **Shift** for the one at top right. The small grey letter is the English key it sits on.

Pasekh, a phonetic Yiddish layout: ש on W, ר on R, ט on T, ס on S, ד on D, ג on G, ל on L, ב on B, נ on N and מ on M. A types אַ and O אָ; Shift+A types plain א. P types פ and F פֿ; Shift+P is plain פ. The final forms are on Shift: ם Shift+M, ן Shift+N, ך Shift+X, ץ Shift+C and ף Shift+F.

Best for: Anyone who knows an English keyboard.
